RE: Negative impact of tariffs on our company & community

Dear SENATOR 1, SENATOR 2 and REPRESENTATIVE:

The recent tariff actions taken by the Trump Administration have severe negative effects on the sports and fitness industry, and in particular, our business, (Organization Name, Fig. 2) which we operate in your state and district. We support and want to see America prosper, however, a trade war with our global trading partners is wreaking havoc on our costs, resulting in extreme financial stress to our business. Under these challenging financial circumstances, our company's ability to grow our U.S. workforce, as well as contribute to our national economy, has stalled, and our business's vitality is severely threatened.

We, (Organization Name, Fig. 2), have (Number of Jobs at Your Organization, Fig. 4) employees in your region. These individuals rely on the jobs we provide them to support their families and be engaged members of their communities. Additionally, our company has a fiscal impact of (Overall Fiscal Impact to Community, Fig. 5) to our community's economy and have been doing so for (Number of Years Your Organization Has Been in Business, Fig. 6). (Personal Anecdote You Want Your Leaders to Know, Fig. 7)

Please help us alleviate these tariffs for the health of our business and our community.

Sincerely,

Organization Representative Name, Fig. 1
